Attachments: Texas-based organizations.xlsx; EJ Listening Session Invitees_R6R9.xlsx

Hi there,

We only have 13 RSVPs so far. I just sent the invitation to the groups on this list of TX based organizations (attached).

See the EJ Listening Session Invitees for the latest on invitees and registrants. Since we're only a week out from the event, I think y'all should send it to the groups you had in mind.

Let me know if you have any questions.

Thanks!

Delia Iris Gonzalez (she/her/ella) (please call me Iris)

Subject: Update on: 8/11/22 CCS Virtual Roundtable with EJ Communities

Hi Martha, Dr. Nance and Iris,

The Zoom meeting link has been created and save the dates have gone out to all those on the list I had emails for. So far, we have sent the invite to 28 EJ representatives, there are still a few I don't have the email addresses for. We have 11 RSVPs. DOE wanted to add 33 groups, as well as this Texas group (see attached) and the California coalition have asked to send to larger lists. Should we inquire with headquarters about expanding participation- or go ahead and invite more folks since the RSVPs are fairly low so far? Additionally, DOE wasn't able to share email addresses for their groups, so they would have to send out those invites. I also was assuming that in the 30 count limit, we were not counting staff from the respective partner agencies.

Please advise.

Here's an initial list of groups and contacts we've been working with on these issues. There may be a few more, but in the interest of time, I just wanted to make sure you have this initial list for now.

By the way, I plan to attend. Please include me on your list of people to receive the zoom info when it is available.

Hi Virginia,

Thank you for your interest and for checking. We still have a few invitations to send out and are trying to keep this roundtable small enough to allow for dialogue. However, if you could share the list of groups with emails, we can consider inviting additional group representatives. I have copied Iris Gonzalez who is my counterpart in Region 6 and Sonrisa Lucero from Department of Energy who are more familiar with your region and helped develop the invite list.

Best,

Sarah

Thanks Sarah,

Can I share this with a coalition of groups we work with on CCS issues?

Hello,

You are invited to participate in a webinar to learn more about Carbon Capture and Sequestration on Thursday, August 11, 2022 from 6pm-8pm Central time (4pm – 6pm Pacific Time). The webinar is a collaboration between the United States Environmental Protection Agency's Region 6 and Region 9 and the United States Department of Energy. This webinar is intended to kick-off a series of conversations with various stakeholder groups on ways to achieve equitable outcomes that protect health and environment in Carbon Capture and Sequestration decision-making, with a focus on EJ community interests and concerns for this first conversation.

Thank you for expressing interest in this topic previously, either through your regional EPA office or DOE, we look forward to continuing the dialogue. Agenda and Zoom link will be shared with those who RSVP to Mebust.Anna@epa.gov by August 5, 2022. If you have any questions or concerns, please contact Gonzalez.Iris@epa.gov (EPA Region 6) or Sharpe.Sarah@epa.gov (EPA Region 9).
